

Natural monument "Lake Tunaicha"

Lake Tunaicha is 45 km far from Yuzhno-Sakhalinsk and it is the second biggest lake on Sakhalin.

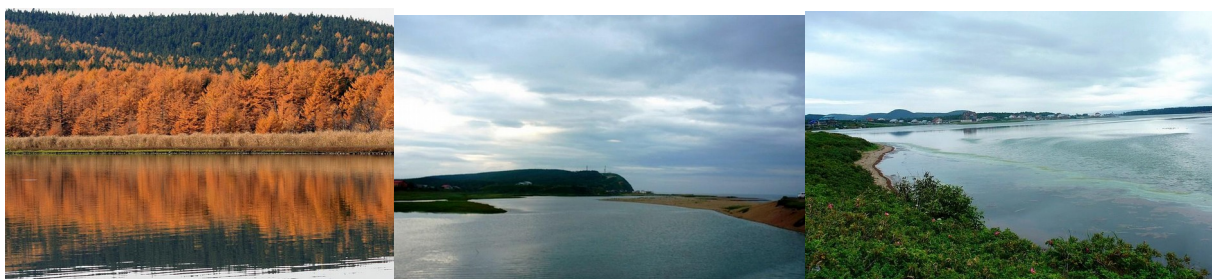

Tunaicha previously was a lagoon, so now it is a brackish water lake, clean and suitable for swimming.

Lake Tunaicha is a home for many rare species of animals and fishes. Some species of plants and fungi growing here are listed in a Red Book of Russia and Red Book of Sakhalin region: *Taxus cuspidata* Siebold & Zucc. ex Endl., *Aralia cordata* Thunb., *Diphylleia grayi* Fr. Schmidt, *Ganoderma lucidum* (Curtis) P. Karst.
